Ever wanted to develop a CME or CE course, video, or activity? The CME Office is here to help! "Our Getting Started" video series will aid Activity Directors, Planners

and Coordinators of all experience levels and professional backgrounds. "Getting Started" topics were recorded during the "CME/CE 101" lecture series in July-August 2016, and include:

1. **Discovery: Formulating an Evidence-Based Needs Assessment and Learning Gap** ([view video here](#))
2. **Construction: M.A.P.: M measurable, Achievable, Practical Learning Objectives** ([view video here](#))
3. **Design: Learning Modes, Styles and Preferences of the Adult Professional** ([view video here](#))
4. **Assessment: Test Item Writing for Assessing Clinical Professionals** ([view video here](#))
5. **Outcomes: Assessing Impacts of the Education Activity on Practice Change** ([view video here](#))

The CME Office also offers to Planners many [web templates](#), [budget guidance](#), and [roadmaps](#) to assist you in planning CE or CME activities for your profession or inter-professional group. See our Activity Director resources page at Winthrop.org/CME

But start early! To assure yourself access to live meeting space, accreditation, and any necessary fundraising resources, you should begin your planning process at least 6 months (and if you need us to fund it with grants, a minimum of 9 months) in advance of your desired activity date.
