MOC Part IV for Internal Medicine

ABIM diplomates will now be able to receive **30 Improvement in Medical Practice MOC points** for meaningful participation in relevant Portfolio Program activities approved after August 15, 2017. The increase from 20 points aligns with ABIM's awarding of MOC points based on the number of AMA category 1 CME credits allowed for multi-cycle PI-CME activities. It will also help current and potential new Portfolio Program Sponsors engage their ABIM diplomate physicians in practice-relevant organizational activities.
